BARLEY WINE | 9.9% ABV OG = 1.095 TG = 1.022

Brewing this very special, bold beer begins with a complicated mash which includes German Munich malts, lots of caramel malts, a smaller portion of highly roasted grain and even malted wheat. This grain bill creates a big beer with a deep red color and all the rich maltiness you would expect. Our wonderfully bold barley wine has an assertive sweetness but is not cloyingly sweet. We balance this with a strong hop backbone from some unique hop varieties which contribute plenty of flavors and aromas of their own. The result is a pint glass bursting with intricate character and depth.

Available in 12oz bottles, 1/6 BBL and 1/2 BBL.

BEST BITTER | 5.5% ABV OG = 1.052 TG = 1.012

Dick's Best Bitter is a beer you will love, a beer that you will not want to tell your friends about, obviously because you will want it all for yourself. We at Dick's take pride in brewing a beer that will make hop heads stop for a second and realize, "hey maybe the hops don't have to eat my face off, but they can be subtle and mellow". Bittered heavily with Magnum hops, and finished even heavier with Mt. Hood, we find that this beer is hop forward, but still has enough malt to balance the finish.

Available in 12oz bottle, 22oz bottle, 1/6 BBL and 1/2 BBL.

CREAM STOUT | 5.5% ABV OG = 1.054 TG = 1.017

Black and incredibly creamy with flavors of coffee and dark chocolate. A large portion of highly roasted barley gives this beer its opaque black color and deep flavors. Additionally, a generous percentage of unmalted flaked barley provides this beer's unmatched creaminess. We add just enough hops for a little complexity. The result is a true stout to satisfy any connoisseur of the style, yet so drinkable that it pleases even lighter beer drinkers.

Available in 12oz bottles, 22oz bottles, 1/6 BBL and 1/2 BBL.

DICK DANGER ALE | 5.2% ABV OG = 1.052 TG = 1.010

Our flagship beer. A large percentage of black malt gives this distinctive ale its dark brown/black color and that slightly roasted flavor. Magnum hops provide a backbone of bitterness and large additions of Mt. Hood hops later in the boil come through in the finish. The result is a highly drinkable, superb dark ale which defies style guidelines and leaves you wanting more.

Available in 12oz bottles, 22oz bottles, 1/6 BBL and 1/2 BBL.

GOLDEN ALE | 5.2% ABV OG = 1.050 TG = 1.0108

This offering from Dick's is one of the lighter beers we produce. That doesn't mean it is light in flavor! A traditional British golden ale brewed with 2-row malted barley and a touch of crystal malt, balanced with a substantial amount of hops.

Available in 1/6 BBL and 1/2 BBL.

GRAND CRU | 9.9% ABV OG = 1.092 TG = 1.015

Intensely fruity and complex Belgian-style ale. This special beer comes from a rich tradition of brewing art and craftsmanship. A full mash tun of malted barley is required to reach the high gravity required for this style. Only the finest quality hops are added sparingly to the kettle. During the long boil, special kettle sugars are added in the Belgian tradition which lends unique flavors that shows through after fermentation. A classic Belgian yeast strain is pitched and the long fermentation is monitored closely as the flavors develop. The beer is then chilled and aged extensively before being kegged and bottled.

Available in 12oz bottles, 1/6 BBL and 1/2 BBL.

HEFEWEIZEN | 5.2% ABV OG=1.004 TG=1.008

A light, easy drinking, true to style German Hefeweizen. The mash consists of malted white wheat and 2-row barley which gives this beer its light body and crisp finish. Lightly hopped throughout the boil, and fermented with classic German hefe yeast, our Hefeweizen will help beat that summer time heat.

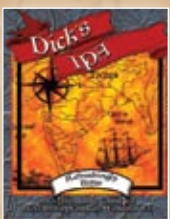

Available in 12oz bottle, 1/6 BBL and 1/2 BBL.

IMPERIAL STOUT | 7.5% ABV OG=1.074 TG=1.016

Rich, dark, malty and hypnotizing are only a few adjectives to describe this beautiful and complex beer. If you love dark chocolate, you may find yourself falling in love with our imperial stout. Large quantities of specialty malt give this ale a tantalizing depth of flavor. Caramel and chocolate malts, as well as black barley are used in the grain bill. Magnum hops are added during the boil to balance the substantial maltiness and Vanguard hops provide a nice spicy finish. Our house yeast ferments this wonderfully dark and satisfying beer.

Available in 12oz bottle, 1/6 BBL and 1/2 BBL.

I.P.A (INDIA PALE ALE) | 5.5% ABV OG = 1.054 TG = 1.010

An IPA hopped to the extreme! This beer starts out as a nice pale ale until it reaches the kettle. Throughout the course of the 90 minute boil four massive hop additions are added which transform this beer into a hop-head's dream come true. Magnificently aromatic Columbus hops from the Yakima valley are added in large quantities to achieve substantial bitterness, flavor and aroma. Fermentation is conducted as usual with our house ale yeast, contributing to a clean finish and allowing the hops to show all the way through. The result is one of the hoppiest I.P.A.s on the market!

Available in 12oz bottles, 22oz bottles, 1/6 BBL and 1/2 BBL.

IRISH ALE | 5.2% ABV OG = 1.052 TG = 1.010

Toasty and malty, our Irish ale is an incredibly approachable red ale. Lots of specialty grains in the mash really help make this beer. Well roasted Munich malt and rich caramel malt contribute depth, richness of flavor and a beautiful red color. We then add melanoidin malt which is what gives the Irish its unique "Toasty" flavor. The intricate culmination of malt provides plenty of body and mouth feel to this gorgeous Irish style ale. English style hops and yeast help place this beer in the style of only the finest brewing traditions of the British Isles.

Available in 12oz bottles, 1/6 BBL and 1/2 BBL.

LAVA ROCK PORTER | 6.2% ABV OG = 1.064 TG = 1.018

Dark and rich, this beer contributes to a palate full of deep malty flavors. A multitude of only the top quality malts and hops make this beer very special. A lot of care is put into the mashing process, which includes copious amounts of caramel, chocolate and black malts. We add plenty of Magnum hops to balance the malty wort. We then add two additions of Mt. Hood hops for a generous hop flavor and great aroma. Our porter is a traditional full flavored English style porter. The ale is dark brown, almost black in color with lots of body and smooth drink-ability.

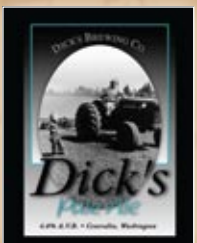

Available in 12oz bottles, 22oz bottles, 1/6 BBL and 1/2 BBL.

MOUNTAIN AMBER ALE | 5% ABV OG=1.050 TG=1.010

Classic amber ale; Dick's style. Large quantities of two special varieties of lightly roasted malts contribute a deep malt profile to this very drinkable and attractive ale. The bittering hop addition is designed to achieve a perfect balance: not bitter, not sweet - just right. Larger additions of Northwest flavor and aroma hops give our amber its delicious finish which lingers on the palate.

Available in 12oz bottle, 1/6 BBL and 1/2 BBL.

PALE ALE | 4.8% ABV OG = 1.046 TG = 1.009

A mild and pleasant ale with a touch of residual sweetness. Our pale ale is a solid, easy drinking beer that goes down smooth but doesn't sacrifice on flavor. Caramel and chocolate specialty malts are combined with premium northwest 2-row malted barley to create a light, amber colored Wort. We add just enough hops for a delicate bitterness, subdued hop flavor and a nice aroma. Fermentation with our house yeast creates a fine English style ale approachable by the beer drinking novice and connoisseurs alike.

Available in 12oz bottle, 1/6 BBL and 1/2 BBL.

SILK LADY | 4.4% ABV OG = 1.048 TG = 1.008

A light and refreshing Belgian-style ale. The mash consists of a small quantity of Munich and caramel malts for a delicate body and pale color. A fair amount of top quality wheat malt gives this beer its crispness and drink-ability. It is hopped sparingly for minimal bitterness and mellow hop flavor and aroma. We ferment with a classic Belgian yeast strain which gives the beer unique fruity esters.

Available in 12oz bottles, 1/6 BBL and 1/2 BBL.

TRIPEL | 8% ABV OG = 1.084 TG = 1.012

Golden colored, crisp, high alcohol Belgian-style ale. Simple ingredients lead to a very complex beer in this case. Northwest two-row malt is mashed without the addition of specialty malts for a light, golden color. The Wort is lightly hopped in the kettle for minimum bitterness and imported Saaz Hops give the beer a subtle, noble hop flavor and aroma. Light sugars are also added during the boil in the Belgian tradition to achieve the desired higher alcohol percentage and unique fermentation flavor by-products. We ferment this beer with a classic Belgian yeast strain which results in a crisp, golden champagne-like ale with perceivable fruity overtones and warming alcohol undertones.

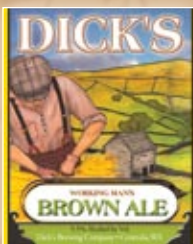

Available in 12oz bottles, 1/6 BBL and 1/2 BBL.

WINTER ALE | 7.5% ABV OG = 1.076 TG = 1.015

Our Northwest style winter seasonal is bold enough to get you through the cold weather. We fill the mash tun to the top with lots of Northwest premium 2-row malted barley and plenty of rich Munich malt. In addition, we use a full bag of sweet caramel malt, lots of malted white wheat and a touch of highly roasted black barley for complexity. This kind of big beer requires several healthy additions of North West hops in the kettle with real character for backbone and finish. Our winter ale has a balanced bitterness, lots of hop flavor and finally that warming alcohol characteristic of the style. We don't call it Double Diamond, for nothing!

Available in 12oz bottles, 22oz bottles, 1/6 BBL and 1/2 BBL.

WORKING MAN'S BROWN ALE | 5.5% ABV OG = 1.053 TG = 1.012

A complex mash makes this beer truly unique for such a classic style. We combine two types of sweet caramel malt and lightly roasted biscuit and victory malt for depth and richness of flavor. By no means can you call this beer one dimensional. As such, this beer pairs well with many meats and cheeses. We also add highly roasted chocolate malt giving the beer its wonderful reddish-brown color. Magnum hops give the brown ale a clean and balanced bitterness. In addition, Mt. Hood hops are added plentifully especially at the end of the boil for an excellent flavor and aroma.

Available in 12oz bottle, 1/6 BBL and 1/2 BBL.

DICK'S DEDICATION SERIES

DOUBLE DANGER | 8.5% ABV OG = 1.076 TG = 1.016

This beer is the one the whole Dick's crew is proud of most. Brewed in honor of our mentor, and friend Dick Young, we hope you knock a few back in his honor and memory. Dick loved his Danger Ale, so we thought it fitting that we use his original recipe and make it a bit more dangerous. With an alcohol of 8.5%, but with a smooth flavor and easy drinkability we are pretty sure you won't notice. This beer doesn't fit any category, won't fit into some set criteria... and we like it that way.

Available in 22oz bottle, 1/6 BBL and 1/2 BBL.

IMPERIAL IPA | 8.2% ABV OG = 1.080 TG = 1.020

So, take our IPA, give it more malt, more hops, more alcohol, and what you end up with is a beer that you won't soon forget. Our Imperial IPA is a fantastic double IPA, with an extreme dosing of Columbus hops throughout the boil, the bitterness comes across right away. But, with such a high grain bill, the balance of malt flavor gives way to a very balanced beer that we know you will enjoy!

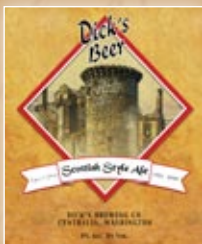

Available in 22oz bottles, 1/6 BBL and 1/2 BBL.

IMPERIAL RED | 8.2% ABV OG = 1.076 TG = 1.016

Caramel, malty, boozy, these are a few words we've heard to describe our Imperial Irish style ale. We took our base Irish ale recipe and put it on steroids. A malt bomb of a beer, but with a nice hoppy finish, this red will remind you why you love beer. Seriously, try it..... trust us, it's that good.

Available in 22oz bottle, 1/6 BBL and 1/2 BBL.

SCOTTISH ALE | 7.6% ABV OG = 1.076 TG = 1.016

This addition to the dedication line-up offers something a little different. Amber red in color, malty sweetness in the nose gives way to a subtle smokiness and malty finish. Brewed with 2-row, Munich, black barley and smoked malt. This beer is something unique that we hope you will enjoy!

Available in 22oz bottles, 1/6 BBL and 1/2 BBL.
